doing in this part of the country, in the midst of all sorts of difficulties, must evoke the admiration of Sanskritists all over the country.

These and other research projects and the teaching work of the Society have been receiving assistance from the Central Sanskrit Board which deserves all praise for its efforts to rehabilitate in the country Sanskrit, the bedrock of Indian culture.

I wish all success to Sri T. V. Viswanatha Aiyar, Secretary of the Society, who has been building up the resources of the Society and managing its affairs so well. I am quite sure that the Sanskrit Education Society will ere long emerge as an active advanced Centre of a University type for Sanskrit in the South.
